

## CONGRATULATIONS

# 2012 Award Winner

August 6, 2012

Congratulations!

For nearly 10 years, the Microsoft Worldwide Partner Conference has provided a unique event for thousands of partners from more than 150 countries. Each year we recognize a select few who stand out from a distinguished, competitive field to be recognized as a Microsoft Partner of the Year Award Winner.

This year, I would like to recognize Process4Biz for joining this exclusive group of influential and inspiring leaders as the 2012 Visio Partner of the Year Award Winner.

I'm continually impressed to see how partners all over the world use the Microsoft platform to create groundbreaking solutions in each of the award categories. As a winner, your company stood out from the rest, having demonstrated significant customer impact, solution innovation, speed-to-market, deployment, and utilization of advanced features in Microsoft technologies during the past year. I am excited that this extraordinary accomplishment could provide your company new business opportunities and increased visibility in the industry and markets you serve.

Again, congratulations on your success as a Microsoft Partner of the Year Award Winner. I am honored to work with partners like you, who display inspiring passion for helping customers reach their full business potential.

Best regards,

**JON ROSKILL**

Corporate Vice President | Worldwide Partner Group
